(Nicklaus Children’s Hospital and University of Miami-Sylvester Comprehensive Cancer Center) **(1 PDU)**

10:45 AM - 12:15 PM | Concurrent General Sessions #1 (1.5 PDUs)

A. Child Life Specialist - A Career Not an Identity

This presentation will discuss potential implications of blurring the lines between career and identity and encourage participants to set strong boundaries starting as students through their child life journey. Erin Egan, MS, CCLS, Grisell Canizales, MS, CCLS, and Alyssa Palsis MS, CCLS (Nicklaus Children’s Hospital)

Panel Discussion, Entry Level, **Domain I**

B. Pivoting in the Pandemic: Supporting Child Life Students During a Global Pandemic

This presentation will explore creative ways for child life students to succeed despite the difficulties that Covid-19 has imposed on their journey to child life certification. Analise (AJ) Lotz, MA, Senior CCLS (Children’s Hospital Colorado) and Lauren Holley MS, CCLS, CPST (Child Life on Call)

Skills Demonstration Workshop, Entry Level, **Domain I**

C. “Finding What Helps You:” The Self Care Habits and Perceptions of Certified Child Life Specialists

Self-care is “help for the helpers” as a CCLSs care for themselves in order to care for others. This presentation shares the self-care habits and perceptions of CCLSs. Madeline Cristina, M.Ed., CCLS (Atrium Health)

Panel Discussion, Entry Level, **Domain I**

Saturday

Continued

12:15 - 1:10 PM | Lunch Buffet, Networking, and Exhibit Hall Open

1:15 - 2:15 PM | Concurrent Sessions #2 (1 PDU)

- A. "My Baker Act Patient is Bored"- Implementing Recreational Items and Activities for a Baker Act Patients Program** Explore the utilization of a “green light safe list” and a stop light system when assessing and providing appropriate items and activities to Baker Acted patients. Maria Mandese, MA, CCLS
(Arnold Palmer Hospital for Children)
Clinical Case Discussion, Entry Level, **Domain II/III**

B. Traditional Practices- Current Thoughts

Are traditional Child Life practices of rewards for procedures and maintaining of boundaries effective and safe for meeting today’s needs? Janice Zack, CCLS
Clinical Case Discussion, Intermediate Level, **Domain I**

C. Braving the Jungle: Child Life as an Industry, Within the Community

Discussing topics related to child life as an industry and the considerable lack of awareness of child life as a community health resource. DD Fritch, MSN, MHA, RN
(Hearts Connected, LLC)
Intermediate Level, **Domain I**

2:30 - 3:30 PM | Concurrent Sessions #3 (1 PDU)

A. The Power of the Gift – Why Grief Healing Begins with You!

Experiencing grief in the hospital can be overwhelming and scary. The intervention you choose to implement, could change their lives forever. This is a gift, healing begins with you. Danielle Visone, MSW, LCSW and Lendy Chapman, MS, CCLS (Empath Health)
Skills Demonstration Workshop, Intermediate Level, **Domain III**

B. More Than Medicine: Using Behavioral Economics to Increase Adherence

Participants in this session will learn about a new, state-of-the-art program that uses behavioral economics to increase adherence, decrease chances of delays, and reduce the need for sedation associated with medical procedures.
Carolyn Schneiders Fung, CCLS (Hope for Henry)
Clinical Case Discussion, Intermediate Level, **Domain III**

C. Something Fishy: Regulating the Waves of Hospitalization

This presentation will introduce “mobile aquatic therapy”- a traveling fish tank designed to provide patients a way to benefit from utilizing co-regulation strategies with the external source of a hospital grade aquarium.
Cara Calderon, CCLS, CCFP, CTRP-C and Nicole Johnson, CCLS, CIMI, CTRP-C
(Inova L.J. Murphy Children’s Hospital)
Skills Demonstration Workshop,
Intermediate Level, **Domain III**

Saturday

Continued

3:30 - 4:30 PM | Poster Session (1 PDU) , Snack Break, & Exhibit Hall Open

4:30 - 5:30 PM | Concurrent Sessions #4

A. Child Life and Nursing: Bridging the Gap for Successful Interventions

Explore the different ways that you can build rapport and increase collaboration with nurses on your floor with the perspective of a CCLS and RN duo.

Grisell Canizales, MS, CCLS and Carlos Rios, BSN, RN, OCN, CCRN, CPEN, CPN
(Nicklaus Children's Hospital)

Clinical Case Discussion, Entry Level, **Domain III**

B. Helping Families Journey Through Grief in a Camp Environment

Child Life Specialists will share their experiences in planning, coordinating and implementing a grief camp experience for family members. Memory making interventions will be shared in order to increase the clinical Child Life Specialists options in grief interventions. Kimberly Eury Allen, MS, CCLS and Stephanie Grayson, BS, CCLS (Children's Hospital of Georgia)

Clinical Case Discussion, Intermediate Level, **Domain III**

C. Untangling the Research Web: A Simplified Approach

Rome wasn't built in a day, and neither is a research project. It's a process to be made your own, broken down into steps, and accomplished gradually.

Lauren Holley MS, CCLS, CPST (Child Life on Call) and Nicole Boik MS, CCLS
(El Paso Children's Hospital)

Skills Demonstration Workshop, Entry Level, **Domain I**

5:30 - 7:00 PM | Exhibit Hall Open

7:00 - 9:00 PM | Safari Social: Join us for a wild evening filled with games, prizes, beverages, dinner, & socialization.

Sunday

September 11, 2022

8:00 -9:00 AM | Registration and Exhibit Hall Open
Don't miss out on the Breakfast Buffet!

9:00 - 9:30 AM | FACLP Town Hall Join us for raffles, awards, and final words from our Executive Board.

9:30 - 10:30 AM | Closing Keynote: If You See a Hole, Fill It:
The Entrepreneurial Spirit of the Child Life Specialist Katie Taylor, CCLS CEO, Founder, Podcast Host (Child Life On Call) **Domain I (1 PDU)**

Sunday

Continued

10:45 AM - 12:15 PM | Concurrent Session #5 (1 PDU)

A. The Building Blocks of Resilience: Strategies for Constructing Professional Well-Being

"A sustainable child life career requires both individual and organizational strategies for resilience. Lego toys become tools as we construct strategies to keep going and keep giving." Cara Calderon, CCLS, CCFP, CTRP-C, Nicole Johnson, CCLS, CIMI, CTRP-C and Daquan Stephenson, CCLS (Inova L.J. Murphy Children's Hospital)
Skills Demonstration Workshop, Intermediate Level, **Domain I**

B. Exploring the Child Life Jungle: Student Q&A Panel

Students will have the opportunity to ask questions and hear from a panel of Child Life Specialists with a wide variety of backgrounds and experiences including those in education, leadership roles and non-traditional settings.

C. Creating a Good Death: Child Life Support With Seriously-Ill Patients and Their Families

Join three hospice and palliative care child life specialists to learn unique memory making and legacy building projects for families nearing end-of-life for both pediatric patients and children of adult patients while defining what it means to have a "good" death. Danielle Eaves, MPH, CCLS, CTRS, CPH and Emmalee Tresnan (Community Hospice & Palliative Care)
Skills Demonstration Workshop, Intermediate Level, **Domain III**

12:30 - 1:30 PM | Concurrent Session #6 (1 PDU)

A. The New Power Couple: Leading a Bereavement Program Beyond Memory-Making

Child Life and Spiritual Care have powered up to revolutionize multidisciplinary bereavement support and facilitate psychosocial first aid to frontline staff. Stephanie Sharf, MS, CCLS and Alexander Angellakis, M.Div. (AdventHealth Tampa)
Clinical Case Discussion, Intermediate Level, **Domain I/III**

B. Mindfulness and Self-Care: Understanding the Hierarchy of Needs and How to Create an Action Plan

Attendees will learn about the six domains of self-care and mindfulness as a self-care strategy, then will participate in activities to encourage self-reflection, discussion, and workshopping of new strategies. Jenna Read, MS, CCLS and Gloria Leyva, MS, CCLS (Nemours Children's Hospital)
Skills Demonstration Workshop, Entry Level, **Domain I**

C. Holding Still Like a Statue: Implementing a Non-Sedate Program in Radiology

Education, coaching, and VR goggles oh my! A large majority of kids are able to complete MRI / CT scans without any sedation. Sometimes they just need someone to believe in them. Learn the benefits of dedicating a full-time child life specialist to a radiology department. Paige Cos, CCLS (Joe DiMaggio Children's Hospital)
Clinical Case Discussion, Intermediate Level, **Domain III**

1:15pm-1:45pm Certificate Pick-Up and Snacks for the Road
